Refillable Cleaner

**Eco-friendly**

**100% Natural**

**Biodegradable**

# Advantages of the Cleaner

## Less Waste

One of the hallmarks of the product is less waste generation. The Soyeco Refillable Cleaner is intended to achieve less plastic and chemical waste. The ingredients are entirely biodegradable.

## Less Carbon Footprint

The production and use of the product generate less carbon footprints which help in maintaining the wellness of the environment.

## High Value for Money

The Soyeco Refillable Cleaner is an effective cleaning solution; it delivers comprehensive cleaning solution in a smaller package that reduce stress and gives high value for money.

## Refillable Bottles

Instead of throwing the bottle away after use, thereby contributing to the problem of waste generation, the spray bottle is designed for refills and continuous use. Reduce your contribution to landfill- stop throwing out refilled plastic bottles.

## Pro-Ecological

As a green product with no chemical additives, the Soyeco Refillable Cleaner is friendly to the environment. Each ingredient constituting the product is sourced locally with an assurance of quality.

## Cheaper Transport and Store

The product is properly packaged to allow cheaper transportation and easier storage. The product also allows easy handling.

## Safety of the User

The product ensures the health and wellbeing of the user and it is not animal tested. It doesn't produce any chemical fumes which may harm the human body.

## Quality Control

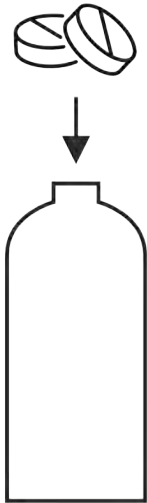

We are putting great effort to make sure our product is of the best quality, to support our efforts and maintaining consistency in providing green products and cleaning solutions.

# Usage

Apart from being effective, the Soyeco Refillable Cleaner is easy to use and doesn't require any technical skills. Each package contains 1 refillable spray bottle and 6 tablets. The tablet means that you only have to purchase the starter package once.

① Put two cleaning tablets into the bottle.

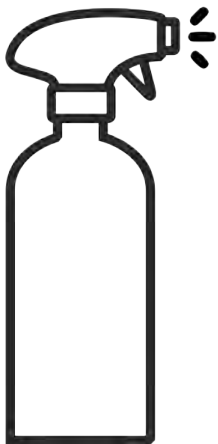

② Fill the bottle with water.

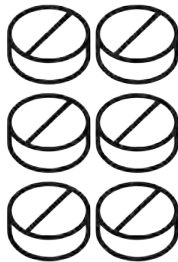

③ Wait for the tablets to dissolve.

①x 500 ml bottle with foam applicator

⑥x Tablets dissolving in water

③x 500 ml of cleaning liquid

Choosing Soyeco Refillable Cleaner means you are playing an active role in protecting the environment while also enjoying an effective, affordable cleaning product that guarantees high value for money. Each time you use the product, the result will inspire you to continue using it.
