- Product of the month: Kit for PV installations
- Coming soon: Vehicle display coating & cleaning
- Spring: Efficient removal of algae deposits
- Biosativa® Bio-Cleaner Concentrate: Now with lemon fragrance
- PFAS-free Liquid Glass coatings

LIQUID GLASS COATING FOR PHONE SCREEN PROTECTORS

Screen protectors are part of everyday life - but fingerprints, micro-scratches, and wear and tear can quickly detract from the user experience.

With CCM's globally renowned, TUV certified, liquid glass coating for phone screens, you can extend their lifespan, improve touch responsiveness, and significantly reduce breakage, scratches and bacteria.

NEW FOR PRIVATE LABEL CUSTOMERS: HOLDER FOR THREE BOTTLES & MICROFIBER CLOTH

CCM has developed a practical and versatile bottle holder that also provides space for a microfiber cloth. The durable plastic holder, with dimensions of W 19 x H 16 x D 4,5 cm, is ideal for wall mounting or for use in storage compartments such as a car door.

SPRING: PROTECT OUTDOOR SURFACES IN A SUSTAINABLE WAY

With the CCM® 7624 Stone Coating with Self-Cleaning Effect, an innovative solution is now available. The coating uses a photocatalytic mechanism. When exposed to light, organic contaminants on the surface are actively broken down. As a result, dirt, algae, and moss adhere far less easily to the hydrophobic coating and surfaces stay clean for longer.

CCM® TOP SELLER CATALOGUE

New CCM® "TOP SELLER" Product Catalogue Now Available for Download

Across 84 pages, the catalogue presents CCM® best-selling solutions, including Liquid Glass Coatings, long-term disinfection products, as well as bio-based and specialty cleaners.

PRODUCT OF THE MONTH: KIT FOR PV INSTALLATIONS FOR UP TO 70M²

Photovoltaic modules produce their best yield under optimal conditions. With our special coating, the amount of light transmittance to the PV cells increases. Cleaning becomes much easier, and cleaning intervals are significantly extended. These factors lead to an increased yield of your system.

EFFICIENT REMOVAL OF GREEN DEPOSITS

As spring approaches, maintenance and cleaning of outdoor surfaces become a priority for many businesses. Green deposits on façades, fences, paved areas and industrial outdoor surfaces are not only a visual issue, but can also affect material durability and safety over time.

Biosativa® Bio-Cleaner Concentrate offers a powerful and environmentally responsible solution designed for professional and commercial use.

PFAS-FREE LIQUID GLASS COATINGS

Starting in October 2026, the EU will prohibit certain PFAS substances (such as PFHxA) in various consumer products. Industrial applications (e.g. membranes, special filters, and vehicle interiors) may also fall under a broader PFAS regulation expected as part of the upcoming REACH revision, which is still under discussion.
