- Get campers, boats & jet skis ready
- CCM® 7665 Aircraft Dry Wash & Polish
- New: Holder for three bottles & a microfiber cloth
- Liquid Glass Coating for Phone Screen Protectors
- Spring: Protect outdoor surfaces – actively and sustainably
- CCM® New Top Seller Catalogue
- Product of the month: Kit for PV installations
- PFAS-free Liquid Glass coatings

GET CAMPERS, BOATS & JET SKIS READY

With the first warm days, preparation for the outdoor season begins. Now is the right time to thoroughly clean and protect campers, boats and jet skis.

CCM Biosativa® Bio Cleaner ensures effective, and environmentally friendly cleaning. Liquid Glass coatings provide long-lasting protection for all surfaces and make future maintenance easier.

For an optimal start to the season – with clean, protected, and high-quality surfaces.

FURTHER INFORMATION BIOSATIVA® BIO CLEANER

CCM® 7665 AIRCRAFT DRY WASH & POLISH

Efficient care for aircraft surfaces – fast, simple and material-friendly: With **CCM® 7665**, you can clean, polish and protect surfaces waterlessly in a single step. Insects, soot

and environmental deposits are removed effortlessly, leaving a smooth, dirt-repellent finish.

FURTHER INFORMATION

NEW FOR PRIVATE LABEL CUSTOMERS: HOLDER FOR THREE BOTTLES & MICROFIBER CLOTH

CCM has developed a practical and versatile bottle holder that also provides space for a microfiber cloth. The durable plastic holder, with dimensions of W 19 x H 16 x D 4.5 cm, is ideal for wall mounting or for use in storage compartments such as a car door.

FURTHER INFORMATION

LIQUID GLASS COATING FOR PHONE SCREEN PROTECTORS

Screen protectors are part of everyday life - but fingerprints, micro-scratches, and wear and tear can quickly detract from the user experience.

With CCM's globally renowned, TUV-certified, liquid glass coating for phone screens, you can extend their lifespan, improve touch responsiveness, and significantly reduce breakage, scratches and bacterial buildup.

FURTHER INFORMATION

SPRING: PROTECT OUTDOOR SURFACES – ACTIVELY AND SUSTAINABLY

With **CCM® 7624 Stone Coating**, you go beyond conventional surface protection. This advanced solution combines deep-penetrating impregnation with active self-cleaning technology.

Thanks to integrated photocatalysis (TiO₂), organic contaminants are not just repelled – they are actively broken down under natural light. At the same time, the hydrophobic effect prevents water and dirt from penetrating the surface.

The result: Surfaces stay cleaner for longer, with reduced maintenance and long-term protection against algae, moss, and environmental pollution.

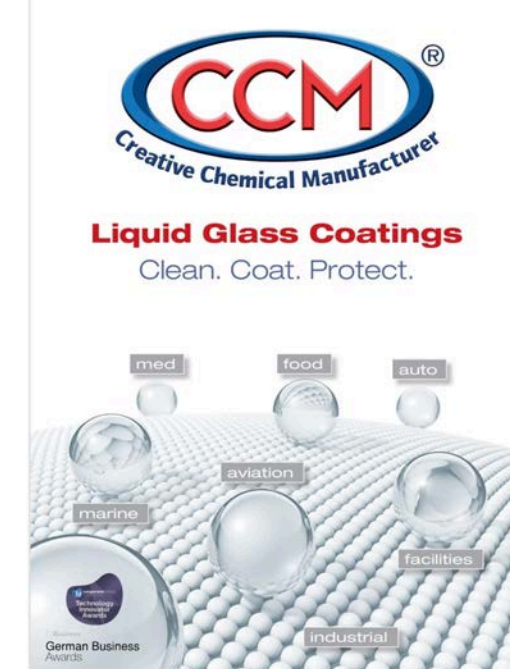

Protect. Preserve. Self-clean.

FURTHER INFORMATION

CCM® TOP SELLER CATALOGUE

New CCM® "TOP SELLER" Product Catalogue Now Available for Download

Across 84 pages, the catalogue presents CCM®'s best-selling solutions, including Liquid Glass Coatings, long-term disinfection products, as well as bio-based and specialty cleaners.

PRODUCT OF THE MONTH: KIT FOR PV INSTALLATIONS FOR UP TO 70M²

Photovoltaic modules produce their best yield under optimal conditions. With our special coating, the amount of light transmittance to the PV cells increases. Cleaning becomes much easier, and cleaning intervals are significantly extended. These factors lead to an increased yield of your system.

FURTHER INFORMATION

PFAS-FREE LIQUID GLASS COATINGS

Starting in October 2026, the EU will prohibit certain PFAS substances (such as PFHxA) in various consumer products. Industrial applications (e.g. membranes, special filters, and vehicle interiors) may also fall under a broader PFAS regulation expected as part of the upcoming REACH revision, which is still under discussion.
