

CCM NEWS - MARCH 2021

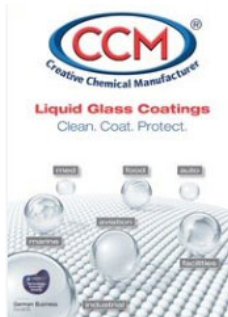

Hello Daniel Goetsch,

We hope you are fine!

In this Newsletter you will find news and updates relating to new coatings and projects.

Kind regards,

Bernd Zimmermann, Heiner Perk, Neil McClelland, Gerd Zimmermann & the CCM-Team.

New Catalogue Liquid Glass Coatings

The new CCM Liquid Glass Catalogue is [online](#). We have expanded our range with new and unique products, mainly in the stone sector, eg. marble protection and a penetrating coating with excellent stain protection properties.

CCM wins Innovation Award

The EU Business News Magazine has announced the winners of the **2020 German Business Awards** and we are proud to say that CCM has won the award, "Innovation Award in Nano Scale Liquid Glass Coating Technology 2020".

CCM introduces an upgraded anti-fog coating

We have received many inquiries for anti-fog coatings for glasses because lenses fog up very easily, especially in conjunction with protective masks. CCM now has upgraded the existing anti-fog (**Art. No. 7679**) and it is now:

- Easier to apply
- More durable
- A fast "wipe and go" functionality

The same coating is also suitable for many other surfaces like ski goggles, motorcycle visors, bathroom mirrors or vehicle windows.
