CCM News APRIL 2019

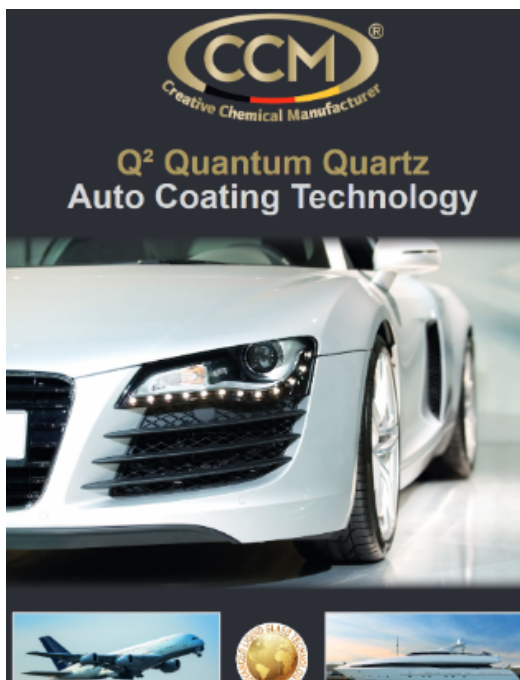

Hello Name,

Here are our latest News.

Greetings from Overath,

Bernd, Heiner, Neil & the CCM Team.

New Car Coatings Leaflet online

We have updated our [Car Coatings Leaflet](#).

Over recent years many companies have copied us and describe their coatings as "Ceramic", very often they are not, and so we have decided to rebrand our car coatings in order to allow us to differentiate ourselves in the market.

We have re-named our technology as **"Q² Quantum Quartz Auto Coating Technology"**.

Others will no doubt follow but the rebranding will allow us to explain the many benefits of our technology in a refreshed manner.

HOT STUFF Brand Starts in Germany

We have an amazing new project:

Hot Stuff Sneaker Coating - the first truly washable coating, which we are now able to offer on a worldwide basis.

Comparison Chart of our Stone Coatings

After we have introduced three new stone coatings we have now made a comparison chart which shows the characteristics of each coating.

You can download it [here](#).

Biosativa Logo updated

We have updated the Biosativa Logo to a fresh modern 3D design.

The new Biosativa leaflet is in preparation and will follow soon.

Individualised Training sessions are now available.

Our colleague Yavuz Melek can be booked for individual training and application services.
