

# ACACIA HOTEL

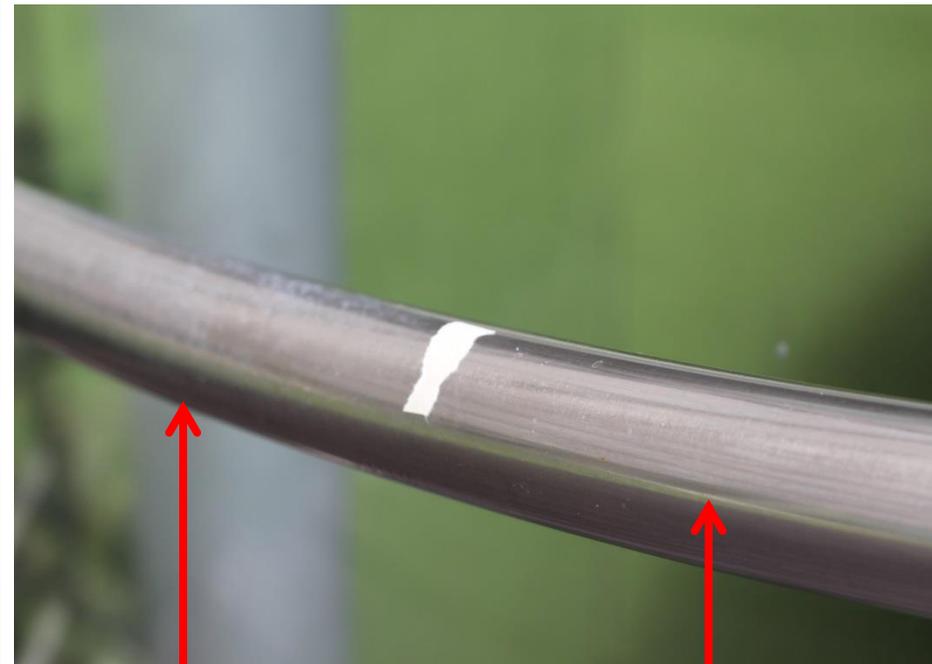

Alabang Muntinlupa City  
Mockup

<b>MOCKUP</b>	:	<b>Acacia Hotel (Alabang)</b>
Mockup Details	:	Cleaning and Protection of different surfaces
Cleaning	:	Biosativa, Stainless Cleaner, Glass cleaners
Coating	:	Nanofied Specialized Coating for Stone, wood, metal and High Performance Coating

## Acacia Hotel Stainless Hand Rails

Un-cleaned and Unprotected stainless hand rail. Corrosion like white rust, watermarks and grime on stainless handrail is very visible. Corrosion on stainless steel is very hard to remove sometimes may cause permanent damage to stainless steel

Un-cleaned and Unprotected stainless hand rail. White rust, watermarks and grimes is very visible

Area cleaned with nanofied stainless cleaner and protected by nanofied coatings.

<b>MOCKUP</b>	:	<b>Acacia Hotel (Alabang)</b>
Mockup Details	:	Cleaning and Protection of different surfaces
Cleaning	:	Biosativa, Stainless Cleaner, Glass cleaners
Coating	:	Nanofied Specialized Coating for Stone, wood, metal and High Performance Coating

## Acacia Hotel Stainless Hand Rails after 3 weeks

Unprotected stainless hand rail shows corrosion like white rust, watermarks and grime on stainless handrail. Corrosion on stainless steel is very hard to remove sometimes may cause permanent damage to stainless steel

After 3 weeks, cleaned and protected stainless handrail is corrosion free and easy to clean.

<b>MOCKUP</b>	:	<b>Acacia Hotel (Alabang)</b>
<b>Mockup Details</b>	:	<b>Cleaning and Protection of different surfaces</b>
<b>Cleaning</b>	:	<b>Biosativa, Stainless Cleaner, Glass cleaners</b>
<b>Coating</b>	:	<b>Nanofied Specialized Coating for Stone, wood, metal and High Performance Coating</b>

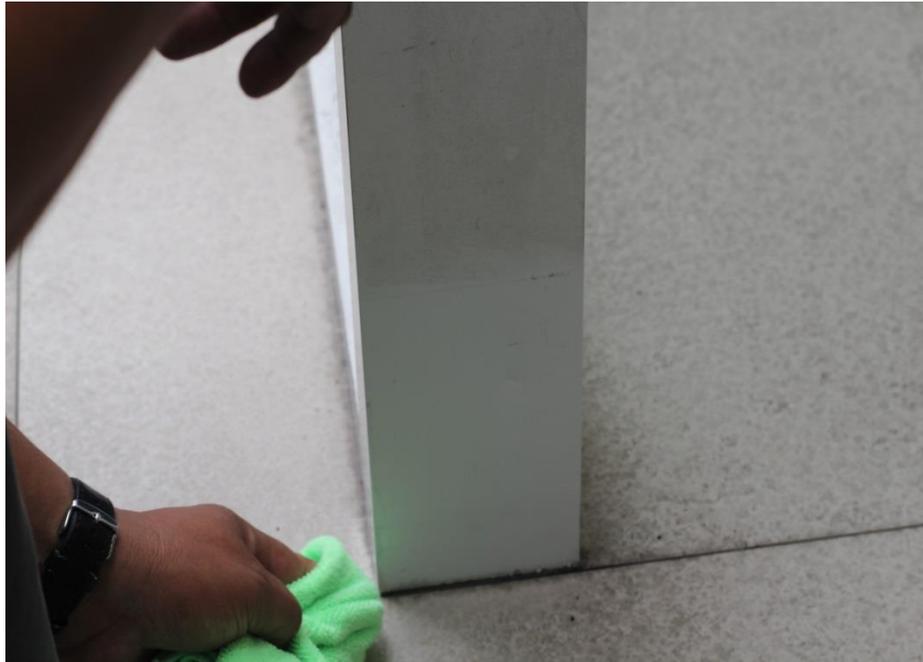

## Acacia Hotel Powder Coated Panels

Un-cleaned and Unprotected Powder Coated window and Door panels. Powder Coated panels are very hard to maintain and protect specially outdoors. Cleaning and Maintaining Powder Coated Panels are very time consuming and expensive.

<b>MOCKUP</b>	:	<b>Acacia Hotel (Alabang)</b>
Mockup Details	:	Cleaning and Protection of different surfaces
Cleaning	:	Biosativa, Stainless Cleaner, Glass cleaners
Coating	:	Nanofied Specialized Coating for Stone, wood, metal and High Performance Coating

## Acacia Hotel Powder Coated Panels – cleaning and application

Corrosion and Dirt is removed from Powder Coated Panels using nanofied special cleaner.

Powder Coated Panel is protected with nanofied coating to prevent corrosions and dirt from adhering to the surface

<b>MOCKUP</b>	:	<b>Acacia Hotel (Alabang)</b>
<b>Mockup Details</b>	:	<b>Cleaning and Protection of different surfaces</b>
<b>Cleaning</b>	:	<b>Biosativa, Stainless Cleaner, Glass cleaners</b>
<b>Coating</b>	:	<b>Nanofied Specialized Coating for Stone, wood, metal and High Performance Coating</b>

## Acacia Hotel Powder Coated Panels after 3 weeks

Coated area of Powder Coated Panel remains corrosion and dirt free after 3 weeks.

<b>MOCKUP</b>	:	<b>Acacia Hotel (Alabang)</b>
<b>Mockup Details</b>	:	<b>Cleaning and Protection of different surfaces</b>
<b>Cleaning</b>	:	<b>Biosativa, Stainless Cleaner, Glass cleaners</b>
<b>Coating</b>	:	<b>Nanofied Specialized Coating for Stone, wood, metal and High Performance Coating</b>

## Acacia Hotel Glass Panels

Visible glass corrosions from chemical residue, acid rain, pollution and bird droppings. When it dries and hardens it becomes very hard, sometimes impossible to remove.

<b>MOCKUP</b>	:	<b>Acacia Hotel (Alabang)</b>
<b>Mockup Details</b>	:	<b>Cleaning and Protection of different surfaces</b>
<b>Cleaning</b>	:	<b>Biosativa, Stainless Cleaner, Glass cleaners</b>
<b>Coating</b>	:	<b>Nanofied Specialized Coating for Stone, wood, metal and High Performance Coating</b>

## Acacia Hotel Glass Panels – cleaning and protection

Removing Glass corrosion like watermarks, scaling and grime from corrosion is very difficult or sometimes impossible.

A big difference is immediately noticeable on un-cleaned and being cleaned glass panel

<b>MOCKUP</b>	:	<b>Acacia Hotel (Alabang)</b>
<b>Mockup Details</b>	:	<b>Cleaning and Protection of different surfaces</b>
<b>Cleaning</b>	:	<b>Biosativa, Stainless Cleaner, Glass cleaners</b>
<b>Coating</b>	:	<b>Nanofied Specialized Coating for Stone, wood, metal and High Performance Coating</b>

## Acacia Hotel Glass Panels – cleaning and protection

After cleaning nanofied specialized coating for glass is being applied to protect cleaned glass panel from corrosions.

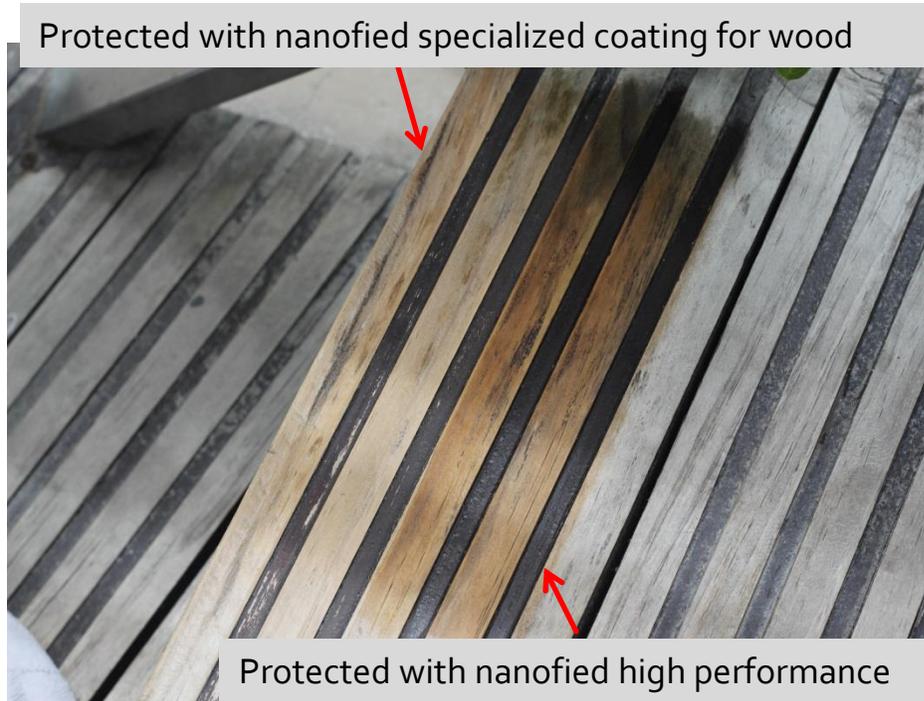

Cleaned and protected glass panel in noticeably cleaner and brighter and protected from corrosions

**MOCKUP** : **Acacia Hotel (Alabang)**  
**Mockup Details** : **Cleaning and Protection of different surfaces**  
**Cleaning** : **Biosativa, Stainless Cleaner, Glass cleaners**  
**Coating** : **Nanofied Specialized Coating for Stone, wood, metal and High Performance Coating**

## Acacia Hotel Wood Surfaces

Staining and rotting on unprotected wood is very hard or sometimes impossible to prevent specially outdoors

Protected with nanofied specialized coating for wood

Protected with nanofied high performance

Wood protected with nanofied coatings will help prevent water ingress protecting wood from staining and rotting

nanofied specialized coating for wood penetrates deep into the wood while nanofied High Performance coating provides massive protection

<b>MOCKUP</b>	:	<b>Acacia Hotel (Alabang)</b>
<b>Mockup Details</b>	:	<b>Cleaning and Protection of different surfaces</b>
<b>Cleaning</b>	:	<b>Biosativa, Stainless Cleaner, Glass cleaners</b>
<b>Coating</b>	:	<b>Nanofied Specialized Coating for Stone, wood, metal and High Performance Coating</b>

## Acacia Stone Surfaces

Stone surfaces protected with nanofied specialized coating for stone and nanofied High Performance coatings

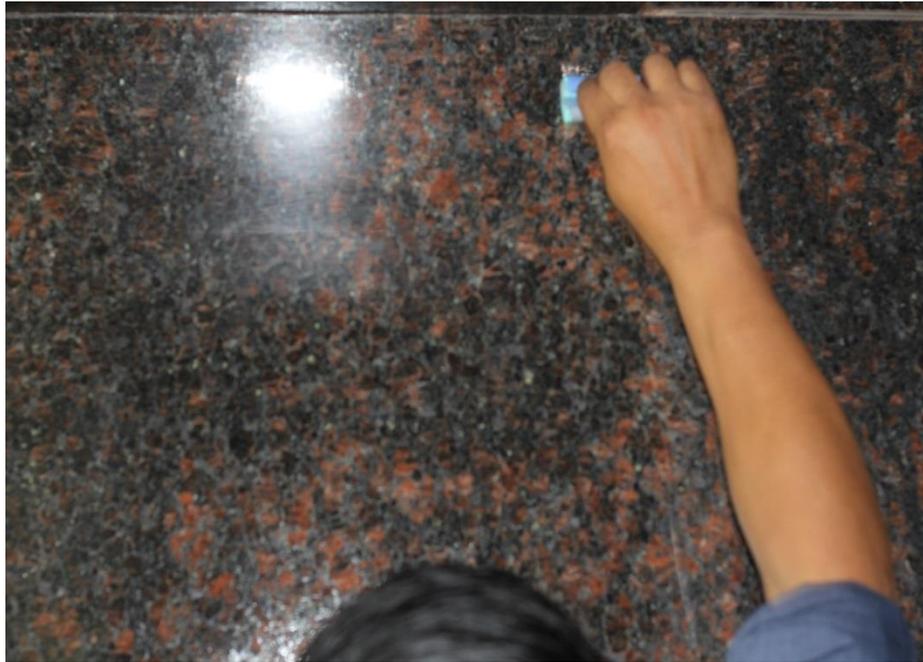

nanofied Specialized Coating for Stone penetrates deep into the structure of stone providing protection against water ingress and prevents staining, moss, algae and other stone corrosions

nanofied High Performance Coating provides massive protection on stone surfaces preventing water ingress and prevents staining, moss, algae and other stone corrosions

**MOCKUP** : **Acacia Hotel (Alabang)**  
**Mockup Details** : **Cleaning and Protection of different surfaces**  
**Cleaning** : **Biosativa, Stainless Cleaner, Glass cleaners**  
**Coating** : **Nanofied Specialized Coating for Stone, wood, metal and High Performance Coating**

## Acacia Stone Surfaces

Stone surfaces protected nanofied High Performance coatings

Coated with nanofied Specialized Coating for Stone

nanofied High Performance Coating restores the original gloss and color of the stone and provides massive protection on stone surfaces preventing water ingress and prevents staining, moss, algae and other stone corrosions
