

## Trial of Liquid Glass Technologies at Next Store

Mirror cleaned and coated.  
Top 50% coated, with Universal 675  
Liquid Glass coating

Heavy fingerprints ... removed from coated area of mirror with water.

Not coated below the midpoint.

Biosativa® Bio Cleaner  
used to clean heavily  
soiled floor

Cleaned with Stainless Steel Cleaner BLU1000 and coated with Universal 675. It was noted that there was already a coating in place on the sink. This will inhibit bonding of SiO<sub>2</sub> layer.

Finger pad coated with Universal 675

Door handle in toilet area coated with Bacoban® long term anti-pathogen and easy clean coating.

Internal surface cleaned and coated with Universal 675.

Toilet seat coated with Bacoban® easy to clean anti-pathogen coating.

Wash basin. The first washbasin (on entering the washroom) was coated with Universal 675; no image.
