

DEXAN[®]

Traveller's Hygiene Kit

The hand hygiene in your pocket

Description:

Dexan[®] Traveller's Hygiene Kit contains:

- a water/alcohol-based liquid disinfectant spray for hands (20 ml)
- a disinfectant cleaning spray for surfaces (20 ml)

Why:

Washing your hands or cleaning surfaces with which you come into direct contact (toilets, picnic tables, door handles, etc.) isn't always easy when you're travelling.

And yet, these surfaces are highly contaminated by germs (viruses, bacteria, fungi) that can survive for many months! The **Dexan[®]** Traveller's Hygiene Kit helps you to protect yourself from an infection which could disrupt your smooth trip (gastroenteritis, flu, mycosis...).

Advantages:

Highly efficient products, tested according the strictest hospital standards (EN1040, EN1275, EN1276, EN12056, EN1500)

Eliminates 99.9% of germs (viruses, bacteria, fungi)

Effective against the H1N1 flu virus

Simple and practical to carry and use, thanks to its small size (2 x 20 ml)

The only one of its kind on the market

Disinfects your hands in 30 seconds, with the nourishing care of aloe vera

Disinfectant alcohol-based surface cleaner is effective in 30 seconds

Packaging:

Available individually or as a display stand with 10 kits
