Human papillomavirus 60 min

e 5 Liter

B3

Residual antimicrobial effect for up to 10 days (tested according to ASTM E 2180). Dermatologically tested (epicutaneous test with 30 test persons): excellent skin tolerance.

Safety instructions: The product can be used without gloves, provided that infection and work protection allow it. Keep out of reach of children. Can be used on all surfaces. For possibly sensitive surfaces, we recommend testing for compatibility first on a less visible place. To be kept in a dry, aired place. Close properly after use. Recycle and dispose of the container in accordance with current legislation, preferably via an approved collector or company. A safety sheet can be obtained on request. Shelf life corresponds to the expiry date on the label (appropriate handling and storage provided).

Important! The residual effect of Bacoban DL is no excuse for not carrying out necessary disinfection measures in cases of visible and/or questionable contamination!

Biocide Reg. No: N-94436

Use disinfectants safely. Always read the label and product information before use.
