To whom it may concern

We, ROPIMEX, who are established as a manufacturer of Bacoban disinfection products, having plants at Bildstocker Straße 12, DE-66538 Neunkirchen, do herewith confirm :

that there is no difference in efficacy between our concentrates WB and WB-DL, as long as WB is used within 8 hours after mixing with water.

Due to additional ingredients the shelf life of the ready-to-use liquid mixed from WB-DL is 2 years.
